

OUR PUB

Keith Galbraith opened the pub and brewery in 1995, bringing back cask-conditioned "Real Ale" to New Zealand after a 50+ year hiatus - making us true craft brewing pioneers. While we are serious about our European lagers and New World styles, our heart stays with classic Old World beers, brewed fresh right here.

UNIQUE BEER

Our British-style real ales use whole hop flowers from the UK (we're the only NZ brewery licensed to import them). Warm, open fermentation, naturally conditioned, unfiltered, unpasteurised, and served cool from traditional hand-pumps.

Sure, newcomers might call them "flat" or "warm" - but that's not even close. Our beers are cool, not ice cold, and never warm! These complex, flavourful brews are meant for sipping and to accompany spirited conversation.

REAL ALE

BOB HUDSON'S - Golden Bitter - 4% 12.9

A hoppy Golden pale ale with aromatic hops, and a firm, malty, refreshing finish.

BELLRINGERS - Best Bitter - 4.8% 14.5

A classic "Best" bitter with fruity & hoppy aromas, a strong malty palate and bitter/sweet finish.

EDEN ALE - Ruby Ale - 5.3% 14.9

Cooling magma red, there is malt in abundance with just a hint of hops to brighten the finish and give an aromatic dusting. Rich and fruity, with flavours of Black Doris plum, wine gums, chocolate, caramel, and Vintage Port.

An old-school, no-nonsense beer!

IGOR OF KIEV - Baltic Stout - 5.6% 14.9

Everything in spades - deep ruby black with espresso and chocolate notes. Rich, warming, with mouthcoating complexity and a dry bitter finish.

LAGER & PALE ALE

PRAHA - Czech Lager - 4.3% 12.9

A malty mid-strength lager that is the mainstay of Prague beer drinking. With a traditional thick head in oversized glasses. This is a perfect session drink.

MUNICH LAGER - Bavarian Lager - 5% 14.5

Probably the entry level to our beers. A classic German style lager with gentle malt & balancing bitterness.

HAZY DAVY - Hazy Pale Ale - 5.5% 14.9

Named after Dave O'Leary, our man in the brewery. Typical East Coast USA hazy IPA. Always the same recipe but different hops with each batch.

NZPA - Pale Ale - 4.4% 13.9

A reintroduction of our original NZPA turned up a notch on the hop aromatics, but down on the hard hop bitterness. Made using both pale ale and lager malts along with Carahell in the mash tun and generous doses of Nelson Sauvin and Motueka hops in the boil and dry hop.

HOUSE POUR
